

??The connectors can be chosen by the customer.
06010EY2F is produced by France Cich Co.

Technical details:

Rated voltage	24 VDC	Range of working voltage	18-32 VDC
Rated current	9A±0.2A@26V,0Pa	Rated speed	3300±150rpm@26V,0Pa
Air volume	950±20m³/h@26V,100Pa	Noise	≤76dB(A)
Life time	≥20,000h	weight	≈2.2kg
Starting delay time	8-10s (from 0 to 100% speed)		
Dielectric strength	550VAC/min between motor body and motor and motor conducting parts, or 660VAC/sec(batch testing)		
Details of regulating speed	Linear speed regulation when varying the voltage of speed regulating part from 5V to 11V (30%~100% speed). Power consumption of part is less than 5mW.
